Hon. Johnson, who has been connected with the Nashville Union and American, as local editor, for the past eighteen months, has retired from that position. In his local editorial career he has maintained a reputation and has secured the friendship and esteem of all his co-laborers. A reunion of his associates was held around the festive board, prior to his leaving, and many were the kind wishes extended to him for his future welfare. Here, where he is best known, his numerous friends join in wishing him a successful and happy future.

We have received a late copy of the Galveston News, from which we learn that our former townman, Rev. S. P. Wright, is agent for the Nashville Insurance company, at Galveston, and recently paid a policy of \$10,000 to Mr. A. Sessums. Mr. Wright is one of the best educated men we know, and having financial ability, strict integrity and energy, we know he will make a successful agent. The Nashville company are fortunate in the selection of an agent for the "Lone Star State."

We learn from Mr. Jenkins, formerly of this county, but now of McCracken county, Ky., that our townman, Mr. J. E. Broadbush, has bought a farm near his, and will soon move to it. Mr. B. was engaged in the dry goods business when we were a small boy, and is known to most everybody hereabouts as a honest, business man. We hope the change from mercantile life to that of the quiet, happy farmer, may be both pleasant and profitable.

Under our regular announcement of deaths will be found the name of Mrs. Sarah E. Jett, widow of Alfred Jett, of this county. Her maiden name was Morrison. In a few years her father, mother and a brother, have passed away, and now she is added to the death list. She was an excellent woman, combining all the virtues of female character. We heartily sympathize with the remaining relatives in their many sad afflictions.

The Paducah Kentuckian says: On last Sabbath Bishop Whightman preached an able and interesting sermon at the Christian church on Oak street. This is the largest church edifice in the city, yet it was crowded to its fullest capacity. The pulpit at the Baptist, Presbyterian and Methodist churches were all filled on Sunday by members of the Methodist Conference, which was in session here last week.

We had the pleasure of meeting with Mr. J. O'Neal, formerly of this place, in our office last week. He is now in the service of the Nashville Union and American, and is to be sent to McCracken county, Ky., his present residence, saying he would not forget the people of old Montgomery. May success attend him.

ANDERSON & BRINGHURST, dealers in coal, hay, &c., are making extensive additions to their building for the reception of such articles as they keep for the benefit of the public. They are gentlemen of untiring energy, and we hope they may prosper in proportion to their energy and attention to the wants of our people.

PITMAN & LEWIS are now prepared to offer to the public a superb stock of Spring and Summer clothing, selected with great care and with an eye to the varied tastes of their customers, by Mr. E. H. Lewis. For reliability, this house is second to none in this country.

BROCKMAN & BRINGHURST have received a very large stock of carriages, buggies and wagons, to which they call particular attention in our special columns. They keep the celebrated Jackson wagon, that has met with such a sale in this country.

FINE TOBACCO.—We are indebted to our friend Wm. Rogers, of this county, for a liberal sample of the finest "Clarksville Tobacco" we have seen this season. It is long, heavy, and of a beautiful color. Mr. Rogers has already won a high reputation as a raiser of fine tobacco, and judging from the sample we have, he will deserve it.

MR. B. F. COULTER has secured the services of our young friend, Jack Atkins, as salesman. His upright conduct and steady business habits, have secured him many warm friends, who will show their appreciation of him by giving him a chance to sell lots of goods for his employer.

MR. HENRY W. PARRISH, of Christian county, has taken a position as salesman, in the wholesale and retail dry goods house of Harrison, Massie & Co., where his many friends will find him ready to serve them. His gentlemanly and prompt attention to business should insure him many customers.

A WRITER in the Hopkinsville conservative, styling himself "Merchant," speaks of the "decaying" town of Clarksville. If there is any truth in this assertion, let our citizens arouse themselves to action, and with their many advantageous surroundings refute such imputations.

For sterling worth, unflinching integrity, and sound, practical wisdom, combined with all other social virtues, we know of no man who possesses these traits in a greater degree than John C. Brown, Governor of Tennessee. Tennessee is proud to own such a son.

HISTORIC TIMOTHY.—The editor of the Troy, Tenn., Times has a pistol in his possession, that was presented to the late Hon. John Bell by the Minister Plenipotentiary of Russia, in Mr. Bell's early career as United States Senator. He says he will be glad to deliver it to any of the relations of Mr. Bell who may desire it.

We learn that several ladies and gentlemen of this city are making preparations to visit the great International Exposition at Vienna. We hope some of them will give us a correspondence from different points with which to regale those of our readers who are unable to make the trip.

OUR honored representative, Hon. R. F. Ferguson, has returned home after having faithfully performed his arduous duties in the Legislature.

RIVER NEWS.
The river is falling slowly with 12 feet of Harpeth Shoals.
The steamer Lawrence from Cincinnati, passed up Thursday with a splendid trip. It remained one of the longest down to see the Harpeth flood, and returned on Saturday with freight.
The Tyrone put off 30 hds. tobacco at Trice's Landing, and about the same number here. Capt. Harmon always reserves freight room for way business, and deserves the patronage of shippers along the river for doing so.

AN ACT was passed by the last legislature, and approved by the Governor, giving the County Courts concurrent jurisdiction with the Chancery and Circuit Courts to sell real estate of decedents, and for distribution or partition. The act further provides that the mode of procedure in the County Courts shall be the same in every respect as that of Chancery and Circuit Courts. The act takes effect from and after its passage.

NOT NEW.—The Charter Stoves were introduced to the public twenty years ago, and the demand for them has increased with each succeeding year.
The Excelsior Manufacturing Company is now prepared to supply, in any quantity, those who need a good stove.

THE act passed Feb. 9, 1866, making the office of Jailor elective by the qualified voters of Montgomery county, has been repealed, giving the appointment to the Sheriff, as heretofore. This act does not take effect, however, until the expiration of the terms of the present incumbents.

MESSES. ANDERSON & BRINGHURST are erecting a large shed on the corner of Franklin and Third streets, for the storage of hay, etc. They also intend putting up a baling machine, and will raise and bale hay to supply the demand. We are glad to note this evidence of the prosperity of this enterprising firm.

The Journal of Commerce, an able and valuable paper published at Nashville, says, "merchants throughout the Southwest are tendered free use of our columns for trade reports from their respective localities, and for any item of interest to the trade at large."

LOST.—Mr. C. H. Roberts has lost an account book for 1859. Any one finding such a book will confer a favor by leaving it at the CHRONICLE office, and they will be suitably rewarded by the owner.

ACCORDING to the late redistricting of the State, the 6th Congressional District is composed of the following counties: Davidson, Cheatham, Dickson, Houston, Humphreys, Stewart, and Montgomery.

THE Quarterly term of the County court will convene next Monday.—Many matters of interest will be brought before it, among others the assessment of taxes, the appointment of commissioners under the new road law, &c.

H. C. MERRITT has been commissioned by Governor Brown, as special Judge to hold the Circuit Court of Houston county, on account of the illness of Judge T. W. King. The court is to be held next week.

WM. KLEEMAN has received his stock of clothing, hats, boots, shoes, etc. Sam. Adkins, his accommodating clerk, is always at his post, ready to sell goods at reasonable prices.

RECOLLECT the Entertainments by the Hook and Ladder Company, on the 17th and 18th insts. Give the boys a full house. We are sure they will give you the worth of your money.

DULL.—The matrimonial market of this city and vicinity, has been quite dull for the past few weeks, but it is expected to resume its former activity in a short time.

COL. BRANDON, in the Senate, and Dr. Steger, in the House of Representatives, have both made quite a reputation as active, efficient members of the legislature.

THERE are only three prisoners confined, at present, in our Jail, but the Lord only knows how many are out on bail.

THE City Flour Mills "blowed out" last Wednesday, having made about 14,000 barrels of superior flour.

MCCORMACK'S Photograph Gallery is the largest and best arranged in the city, and though the work done there is the finest that is turned out, the prices are as low as any other.

An examination of style and quality and tariff of prices, in comparison with other galleries, is very respectfully invited.

FOR THE LADIES—I have now for sale a new Shoe Button, which I will put on for you, and guarantee to stay. Give me a trial, ladies, and save yourselves a great deal of trouble and annoyance.

THE EASTMAN ATLANTIC BUSINESS COLLEGE.—This institution has achieved a success which is unparalleled in the history of Commercial Colleges. Starting in Atlanta, May 9th, 1871, with four students, it has already sent out to the business world nearly three hundred students to the most successful positions. The secret of its wonderful success is, it is the only College in the South that is conducted on the actual business plan. It keeps up, to the letter, its advertisements. It is conducted by men who have had years of experience as practical accountants, business men, and teachers. The total cost for a full course including board, washing, tuition, books, and stationery will not exceed \$130. For specimens of Penmanship and College Journal containing full information, Address G. E. Dettler, President, P. O. Box 536, Atlanta, Ga. 6w.

NEW ADVERTISEMENTS.
Vol. Williams advertises his spring stock of boots, shoes, etc., and also a new button for ladies. Don't fail to call and examine his recent purchases.
Brockman & Bringhurst have retitled their house, and now inform the public that they have filled it with carriages, buggies, and wagons. They are offering extraordinary inducements.
McCall's artist, is offering extraordinary inducements to persons in want of photograph pictures or stock. Read his advertisement for particulars.
W. R. Neblett has a notice as administrator of T. Cobb, dec'd.
